Men Home From the European Battle Front

University Hit By Association

Put on Probation For the Firing of President; No Comments by the Regents

The University of Texas is in the lime-light again. The Southern Association of Colleges has placed the University on probation. Criticism was directed at both the regents and former president Homer P. Rainey.

The only immediate result of the probation is that members of the association may deny transfer of credits of students from Texas. This is said to be unlikely.

Students of the university staged a protest Tuesday, displaying cards demanding that the President, the Governor and the Regents be hanged.

No official statements has been been made by any of the officials.

Men Will Leave For Induction and Physicals

The local board will send a group of men to Oklahoma City for induction on next Tuesday.

The call is for three men. John A. McNeill and James Campbell Newton will go for induction. Credit is taken for Douglas Gene Walker, who volunteered and was inducted July 1. Three other men will go for induction, their previous postponement of 30 days having expired. These are: William Edgar Robinson, Sylvester Louis Batenhorst, Glen A. Dorris.

Jimmy Richard Boone goes as a transfer from Lubbock.

The local board has a call for six men to be sent for physical examination on Aug. 1. There are only two men available: J. W. Dennis and Robert Eugene Albers.

Work on Exterior Court House Is Practically Over

Practically all of the exterior work on the court house, and the lawn will be completed this week, states Judge A. H. Hunt.

The walks around the court house have been completed, with the exception of a little patching up of broken pieces.

The tree trimming will be completed this week. Limbs which have been cut off are being hauled away. The appearance of the court house lawn has been greatly improved by the tree trimming.

School Lunches To Continue During the Coming Year

The community school lunch agreement between the United States Department of Agriculture and the State Department of Education has been extended through the next school year, Dr. L. A. Woods, Superintendent of Public Instruction, announced. The Canyon schools had the lunch program last year and will continue during the coming year.

Local sponsors now can proceed with school lunch plans through the next fiscal year ending June 30, 1946, Woods said, explaining additional information may be received from any of the four CCC-USDA district offices of supply in the state. They are located at Dallas, Austin, Amarillo and Houston.

Under a similar agreement last year, 2,168 Texas schools served noon-day lunches and according to present trends the figure for the coming year will go over the 2,459 mark, he said. The year before 1,770 schools operated with USDA assistance. Up to June, 1945, USDA reimbursements to co-operating schools under last year's program totaled $2,918,000.

Lt. A. C. Haley, Jr., In Florida

Lt. (jg) Arthur C. Haley, Jr. was continued as a Signal Officer in the navy after reporting to Jacksonville, Fla., last week. After 18 months at sea he had requested to be transferred to a navy bomber, but there was greater need for Signal Officers.

Mrs. Haley and daughter are with Lt. Haley at Melbourne, Fla., where he will likely be stationed for several months.

Mrs. John Burgess was in Lubbock last week attending to business.

Several Are Discharged But Majority Being Held for Pacific or Work in America

Sgt. Maurice Crain visited for a few days this week at the home of his parents, Mr. and Mrs. W. H. Crain. His home is in New York City. Sgt. Crain was shot down over Germany and was a prisoner of war for 23 months. His weight dropped from 166 pounds to 127 pounds during his imprisonment. He has not been discharged from the service, but will probably receive his discharge soon. Sgt. Crain stated that he had no particular complaint of the treatment of the Germans. He was fortunate to be under friendly guards, who kept the American fliers posted as to the progress of the war. Men in camp made radios with which they were able to get news. When tipped off by the guards that inspection was to be made by the Nazis, the radios were taken to pieces and the parts hidden by various men. Sgt. Crain was a newspaper man in New York before joining the army. His wife was not able to make the trip with him to Texas.

1st Lt. Ernest Sykes of the 490th Bomb Group, 8th Air Corps, arrived at the parental J. T. Sykes home, Wednesday, July 25, to spend a 30-day furlough. He has been overseas since in February and has been in the service since October, 1941. After his leave here he will report to Tampa, Fla.

Cpl. Joseph J. Sambol is home from Europe. He served in the medical corps, giving aid to wounded men in the first aid stations back of the line of battle. He was in France and Germany in the big push which knocked Germany out of the war. However, he did not get to see either Paris or Berlin. Cpl. Sambol reports back to Ft. Sam Houston on Aug. 8 and unless the points are lowered may be trained for action in the Pacific.

Warrant Officer Louis Upchurch telephoned his parents, Mr. and Mrs. W. H. Upchurch, that he was back in Washington, D. C. with his wife and baby. He has been in England, France and Germany. He tried to get transportation home during his 30-day leave, but so far has not been successful. He did not know what the army will do with him when he reports back after the leave.

Another veteran of the European Wars, Cpl. Leslie E. Lisle, has returned home for a 30-day furlough before reporting to Ft. Sam Houston, then, California, for further orders. Cpl. Lisle has been overseas since December, serving with the armed forces in Germany.

His wife and daughter are with him, visiting in the parental J. H. Lisle home.

Sgt. Don Schaeffer, son of Mr. and Mrs. George Schaeffer, arrived at home Monday, July 16, for a 30-day furlough. Sgt. Schaeffer is the third member of the Schaeffer family to return home from over seas. He has spent 7½ months with the 8th Air Force. He wears an air medal with 1 cluster. On one mission he was forced to bail out of a badly damaged fortress.

S-Sgt. David Sharman, who returned to the states in June after being released from a German prisoner of war camp, arrived in Canyon Monday to visit with relatives and friends. He plans to continue his visit for several days before returning to the home of his sister, Mrs. Ralph Harter, in California.

Jurors Will Get Boost of $1.00 Per Day in Pay

Those who serve on juries will be paid $4.00 per day under the terms of a bill passed by the last session of the legislature. The jury fee has been $3.00 per day in years past.

An increase was also authorized by the legislature for members of the County School Board. This pay was increased from $3.00 to $5.00 per meeting.

STORK SPECIAL

A daughter, Glenda Ann, was born to Mr. and Mrs. Dellas Zachry, July 11, at St. Anthony's Hospital. She weighed 9 pounds, 15 ounces. Mrs. Zachry will be remembered as Obera Burgan.

A daughter was born to Mr. and Mrs. Herschel Jennings, Sunday, July 22, in an Amarillo hospital.

A son was born to Pvt. and Mrs. J. H. Lisle, July 17, at an Amarillo hospital.

Born to Pfc. and Mrs. Charles Gerald, a girl, Janet Lynn, Monday. Pfc. Gerald, the son of Mr. and Mrs. Tom Gerald, has been overseas 7 months. He is now stationed in Austria. Mrs. Gerald is in Eugene, Oregon. She has spent several months in Canyon and hopes to return here in the near future.

Born to Mr. and Mrs. C. L. Littlefield, Tuesday, July 24, a daughter in an Amarillo hospital.

SEVENTH WAR LOAN DRIVE

Totals of sales and credits run well over the quotas assigned to Randall County for the Seventh War Loan Drive.

Over-All quota assigned to Randall County for the Seventh War Loan Drive	$190,000.00
Total sales and allocation credits	377,645.25
Amount in excess of Over-All quota	$187,645.25

E BONDS QUOTA

E Bonds quota assigned to Randall County (this being part of the Over-All quota)	$150,000.00
Total sales and allocation credits	218,343.75
Amount in excess of E Bonds quota	$ 68,343.75

The above totals of sales and allocation credits for which credit is given against the quotas assigned to Randall County are the grand totals as reported by State Headquarters Office and credited to the Drive.

No quota has been assigned to Randall County since the Seventh War Loan Drive closed; however, bond sales since the Drive closed amount to $12,631.25 for the period July 9th, through July 23rd.

State Tax Rate Is Increased

Appropriations for Schools Make Increase Necessary For the Coming Year

The tax rate for Texas has been set at 72 cents on the $100 valuation. This is an increase of 17 cents over the rate of last year. The rate was set Tuesday at the State Automatic Tax Board in Austin.

The only increase was made in the school fund. This was necessary to meet the increased appropriations which were passed for schools by the last legislature.

Judge A. H. Hunt states that the county tax rate has not been set. However, the rate will be no higher than was set for last year, states Judge Hunt.

Happy Birthday

July 27th—
Jimmie Campbell
Edward Lehnick
Nettie Morris
Mattie Foster
Evelyn Shaeffer
James Russell Thomas
Mrs. Fred Sorgee
Mrs. W. M. Rogers
Mrs. James Ross Duff
Gloria Jean Franklin

July 28th—
Mrs. Joe Crowley
Patsy Woods
Thomas E. Knighton

July 29th—
Harley Gene Hicks
Iris Dooley
Avis Edna Campfield
Glenn W. Dowlen
Mrs. T. W. Collins
Catherine Conatser
Mrs. Harvey Cash
Mrs. O. J. Grabbe
Mrs. W. L. Rice

July 30th—
Clonie Rough
Mrs. Worth Jennings
Alice Irlbeck
Mrs. A. A. Ellwart
Mrs. C. O. Cooper
Ducoe Owen
Jim Wesley
Nelda Jean Coffee

July 31st—
Charles Donnell
Mary Alice Browning
Mary Frances Burch
Mrs. Robert Moore

August 1st—
Delbert Lowes
Mrs. Joe Baber
Jack Taylor
Edgar Podzemny

August 2nd—
Carl Hair
Scott Vaughan
Mrs. J. W. Shook
Mrs. A. A. McMillan
A. B. Russell
Mrs. Milton Crow
Mrs. J. L. Hefner
C. G. Pond, Sr.

A. L. WALSH, JR. PROMOTED

As of July 1, Andy Walsh is Pharmacist Mate 3-c. He is in the Operating Room School at Corpus Christi where he has been since in February.

Finishing high school work at mid term in the 1942-43 school session, Andy entered college at W. T. Thus he was able to be doing junior work when he entered the Navy on June 28, 1944. He did his boot training and some medical training in San Diego, Calif.

TAYLOR FAMILY REUNION

Last week end all the children of Mrs. B. C. Taylor were home for the first family reunion in ten years. Mrs. Taylor has lived in Canyon for a number of years, and all her children were born here.

Those attending the reunion were Mrs. J. A. Williams and children from Tahoka; Mrs. Heren Douthie, from Lubbock; Mrs. Mildred Sullivan and Bobby Lee, from San Diego, California; Mr. and Mrs. A. C. Thompson, from Hereford; Mr. and Mrs. C. R. Hazelwood and Sue, from Amarillo; Miss Tennie Thompson, Mrs. Mary Ellen Bailey and son, Mr. and Mrs. B. C. Taylor, Mr. and Mrs. R. T. Furlow and Mrs. Florence Stevenson and daughter, all of Canyon.

Capt. Stone Gets D. F. C. for Display of Courage

Special to the News: Fifth Air Force, Philippines.—Captain Harley L. Stone, Canyon, has been awarded a Distinguished Flying Cross for participating in one of the longest flights ever attempted by a B-24 Liberator Bomber. This 2600 mile mission was one of the initial raids of the intense eight months aerial assaults by the Allied Air Forces on Balikpapan, Borneo, which was climaxed July 1 by the amphibious landing of the Australian seventh division.

Near the target area 40 to 50 enemy fighters intercepted the unescorted bomber formation, pressed unrelenting attacks. Stone's crew shot down six of the Jap fighters. In the fight one engine of the bomber was shot out destroying the radio equipment and puncturing a gasoline tank. The ignited gasoline seeped into the flight deck.

The crew members, nevertheless, remained at their stations and completed the bombing run.

About an hour and a half after leaving the target they were forced by lack of fuel to crash land in a mangrove swamp in friendly territory.

"The outstanding courage and devotion to duty displayed by this officer during this flight are in keeping with the highest traditions of the United States Army Air Forces," the citation read.

The B-24 Pilot is the husband of Mrs. Coystal T. Stone.

Major C. W. Freed Wins Promotion; Army Occupation

Major Conrad W. Freed has received his promotion from Captain, and is now serving in the Army of Occupation, stationed at Marburg, Germany. Major Freed is head of the Speech Department of West Texas State, and has been on leave for three years.

Mrs. Freed and daughter are living at the home of her parents in Detroit, Mich. Major Freed has never seen his daughter.

JENNINGS MEET

Last Sunday Mr. and Mrs. Worth Jennings had all their children at home for the first time in four years.

Present were: Mr. and Mrs. C. L. Hagood and family from Floydada, Mr. and Mrs. Clyde Davis and daughter from Canyon, Mr. and Mrs. Vester Hill and family from Spearman, Mr. and Mrs. Worth Jennings and family from Canyon, Mr. and Mrs. Joe Jennings and family from Lorenzo, Mr. and Mrs. Martin Phillips from Hart and Sgt. Jack Neil Jennings and wife.

Mr. and Mrs. Buck Moore from Port Chicago, Calif., are visiting relatives and friends in Canyon this week.

Petitions Favor Senator Connally

Seek Re-election of Tom Connally Without Opponent In the Election for 1946

Petitions are being circulated in every county of Texas for Senator Tom Connally to run for re-election to the Senate next year, without opposition. The petition is sponsored by Harry L. Seay, chairman of the Democratic State Executive Committee.

Copies of the petition are at the News office and at the office of G. G. Foster where citizens may sign them.

So far no candidate has announced against Senator Connally. Naturally the petition will not keep any man or woman from running against Mr. Connally if he so desires. But it is very unlikely that any strong opposition will develop. There is usually a string of unknown candidates who like to see their names printed on the primary ballots with no hope of winning an election. Senator Connally is recognized as one of the strongest men in the senate. As chairman of the Foreign Relations Committee he is guiding the San Francisco peace plan through the Senate. A vote will probably be taken this week, with practically a unanimous vote of the Senate being assured.

It is hoped that a large number of citizens will call and sign these petitions, which will go to Senator Connally.

Miss Goodman New Chairman Jr. Red Cross

Miss Novella Goodman is now Junior Red Cross Chairman for Randall County. She succeeds Miss Elva Fronabarger who had served in this capacity for a number of years.

Miss Goodman recently attended a short course in Junior Red Cross work which was offered in Canyon by a representative of the National Red Cross.

She will begin her work with the opening of school this fall.

Sheriff Cantrell Finishes Work in F. B. I. School

Mrs. M. E. Cantrell and sons were in Washington, D. C. Saturday for the graduating exercises of the FBI class. Sheriff Cantrell was one of the graduates of the three months course which was given under the direction of FBI.

The family will return to Canyon in a few days.

Crew of Men Working Streets

A crew of men is working on the patching of the city streets. Holes in the pavement are being patched, which will do much to save the paving if there should be a wet fall or winter.

The City Commission hopes to have all of the paving patched before cold weather.

ATTEND JONES FUNERAL

Mr. and Mrs. Early Dutton, Mrs. T. W. Hart and Mrs. Edwin Dutton of Canyon with Mrs. C. M. Kiker of Amarillo attended the funeral of Mrs. Ray B. Jones at Hart, Texas, Sunday, July 15. Mrs. Jones will be remembered as Nina Hart. Both Mrs. Jones and her daughter, Mrs. Bill Woods, formerly attended the college here and have many friends in Canyon.

W. A. Warren left Saturday noon for St. Louis, Mo., where he will market for fall goods.

26 Wives, 100 Kids!!

The Governor of Jolo, left, tells General MacArthur about the greatness of the Sultan of Sulu, right, who has 26 wives and more than 100 children. These are Moro natives of the Sulu Archipelago in the Philippines. They are Mohammedans.

One Way to Solve Meat Problem

Detroiters are finding a way to solve the meat problem—horse meat, as the sign at upper left says. The United States Horse Meat Co. supplies all the steaks you want at 18 cents a pound, and no ration points required.

Lt. Thos. Lair Tells of Life War Prison Camp

Army Air Officer Tells of Experience with Germans as Prisoner of War

Lt. Thomas H. Lair answered questions at the Rotary Club regarding his 19 months in the German prisoner of war camp.

The prisoners of war were fed Nazi propaganda—and very little else.

Lt. Lair said he did not see "good looking German girls."

While the treatment of American officers was not bad, there was poor food; there was no commissary at which to buy; no money with which to buy; the officers were not required to work, but the enlisted men did have to work. The Red Cross and YMCA provided games for the officers.

Half of the Red Cross packages were taken by the Germans and given to the German people.

In extreme cases German doctors would treat officers. An enlisted man, with medical training, gave First Aid in the officers camp.

When his plane was hit, Lt. Lair parachuted at 25,000 feet. People came running when they saw him coming down. He landed in a tree, was helped down. Everything he had was taken by the crowd. He was placed in solitary confinement for a week, and questioned. When he did not talk, the Nazi did not follow up their questioning.

Non-commissioned men were shot when they disobeyed rules.

The officers were not moved until the Russians were 15 miles away. They were forced to walk 100 miles, and then were placed in box cars, where they had to stay for four days. With 50 men to the car, they had to stand during the time.

The officers had a small radio by which they knew of the progress of the war.

Pfc. W. E. Lovell Is Given Honors

Pfc. William E. (Jick) Lovell, post office clerk, is a member of the 350th "Battle Mountain" Regiment Service Company, recently awarded the Meritorious Service Unit Plaque for exceptionally meritorious service in the performance of outstanding duties in support of Fifth Army combat operations in Italy.

The company, a unit of the 88th "Blue Devil" Division participated in the Italian campaign from the time the division entered combat March 3, 1944, until the campaign ended. Each member of the company is entitled to wear a gold wreath emblem on his right sleeve.

Pfc. Lowell lived in Canyon for several years prior to his appointment as Railway mail clerk in 1939 at Ft. Worth. He was inducted in November, 1943, trained at Ft. Riley, Kansas and Camp Bowie. Brownwood and sailed overseas September, 1944, where he is at the present time.

His wife, the former Ernestine Hromas, and their three year old son, Billy, live with her parents near Farwell. Mrs. Lovel has been teaching school since Pvt. Lovel has been away. She and Billy are now visiting with Pfc. Lovell's sister, Mrs. J. B. Speer.

Red Cross Called to Dye Material

The Randall County Chapter of the Red Cross was called upon last week to dye 90 yards of material, which was sent to the local Production Chairman, Mrs. George Melton. Three women did the dying. The color required was black.

Lt. Bob Ziegler and Sgt. James Thomas Harp left Sunday night for El Paso and Tampa, Fla., where they will be assigned for further duty. Both have spent 30-day furloughs here from the 15th Air Corps which had been returned from Italy.

War Chest Drive Will Be Held First of October

The 1945 United War Chest drive will be held in October, according to word from Austin.

The need for funds is greater now than during the war with Germany, according to national headquarters. The USO has the obligation of furnishing entertainment to thousands of wounded war veterans in hospitals, both in America and abroad.

Entertainment must be provided to the thousands of men who will be in the Army of Occupation, and to the millions who will be on the far-flung battle front of the Pacific.

Milton Morris is county chairman of Randall county, assisted by the Farm Victory Council which has raised more than 50% of the funds contributed by the people of Randall county for this cause. Randall county led the state of Texas last year in the over-subscription of the quota which was given the county.

Funeral of Mrs. J. M. Patterson Held Wednesday

Funeral services were held yesterday afternoon at the Methodist Church for Mrs. J. M. Patterson, who died July 20 in El Segundo, Calif. Mrs. Patterson, a pioneer resident of Canyon, moved to California after the death of her husband several years ago.

Rev. C. C. Armstrong was in charge of the funeral services, assisted by Rev. Sam Thomas, of the San Jacinto Methodist Church in Amarillo, who made the principal talk.

Mrs. Patterson, while a resident of Canyon, was active in the Methodist Church, and the Rebecca Lodge.

She is survived by ten children, and only one, who is now in the Pacific, was unable to attend the funeral.

Pallbearers were J. W. Shook, Levi Cole, Ed Weeks, Guy Harp, W. I. Wester and Burney Slack.

She is survived by five sons, Arthur of Amarillo John of Happy; Lee of El Sequendo, Cal.; George, a sergeant with the Marines in the Pacific, and Joe, also a Marine sergeant stationed at Santa Monica, Cal.; six daughters, Mrs. W. B. Williams, Duncan, Okla.; Mrs. Andrew Schrimphf, Colorado Springs, Col.; Mrs. Joe Gulledge, Salisaw, Okla.; Mrs. Gorrell B. Cochran, Dallas; Mrs. Michael Durkos, El Sequendo, and Mrs. Harold Y. McClure, Washington, D. C.

Burial was in Dreamland Cemetery under the direction of Griggs-Warren Funeral Home.

Lt. Leo Cooper Is Improving

Mrs. Marie Cooper has received word from the naval hospital that her husband, Lt. William Leo Cooper, is recovering from his recent injuries in the Pacific.

She has received no word as to the nature of his injuries, where he is located, or the circumstances of the injuries.

Lt. Cooper was a member of the athletic department of West Texas State before he volunteered in the service.

CHURCH WOMEN TO MEET

The United Council of Church Women will be held Tuesday afternoon, July 31, at 3:30 o'clock at the Christian Church.

Mrs. R. W. Jones will speak at the meeting.

Mrs. R. N. Barnett, who has been visiting with her sister, Mrs. G. A. Farlow, and mother, Mrs. M. S. Frieze, returned to Tucson, Ariz., last Wednesday.

Editorials

35 YEARS IN CANYON

The Newsman will be 35 years old next Sunday. It was on July 29, 1910, that he arrived in Canyon and took charge of the News.

35 years is a long time to be in one spot, in charge of the same business. In fact it is so long that only C. R. Burrow and T. C. Thompson are senior business men of Canyon. The News is the oldest business establishment in Canyon. Only one newspaper man in the entire Panhandle has been longer on the same job.

The News will close 50 years of publication next April. If the war is over and labor is available, we hope to publish an anniversary edition—but just now it is a mere hope.

When we came to Canyon, C. O. Keiser was owner of the News. He was the third owner of the business. Mrs. R. W. Morgan founded the newspaper, and sold it to George A. Brandon, who in turn sold it to Mr. Keiser. Very few newspaper can boast of having passed through so few hands during a period of 50 years.

In 1910 the News was located in a sheet iron building on the south side of the square. The building was set up on blocks, so that the wind whipped under it during the winter, freezing everything in the building; the sun poured down on the sheet iron roof during the summer. And the rent was $40 per month!

The printing presses were operated by a gasoline engine; type was handset; only a few linotypes were in the Southwest, and few country weeklies even had a faint hope of owning one.

In 1911 Mr. Keiser sold the Newsman a fourth interest in the business, and built the brick home, now occupied by the Douglas Steam Laundry. In 1920 all stock in the business was bought by the Newsman. In 1924 the plant was moved to the present location on the north side of the square. The building was 35x100 feet, but in 1928 it was enlarged to 140 feet deep. Therefore the printing plant has moved three times during the past 35 years—which is no little job.

Naturally there is no machinery, type or equipment in use today which was in use 35 years ago. The first linotype bought in 1915 was replaced by a larger machine in 1920; a second machine was added in 1929, and this was replaced by the latest model in 1942. Another modern linotype has been ordered to replace the one bought in 1920.

The people of Randall county have been kind to this business and to his management during the years. It has been a pleasure to re-invest the earnings of the business in better equipment so that the people might be served in a better manner. Thanks to all.

* * *

In spite of the fact that in looking backward sometimes one is accused of getting old, let's review a few things of 35 years ago:

The college building was not completed. R. B. Cousins, first president, had an office over the bank.

J. A. Hill was slated to be head of the history department; L. G. Allen was head of the mathematics department. These two are the only members of the original faculty living.

The public schools occupied one building, with only six rooms.

* * *

Advertisements in the News 35 years ago have strange names to the readers of today.

C. N. Harrison & Co.
Ed Wyatt, well drilling.
The Leader, dry goods.
First State Bank.
City Meat Market.
White Swan Grocery.
Thomas Furniture Co.
Thompson Hardware Co.
T. W. Jeanes & Co., lumber.
John Begrin, contractor.
J. P. Brinley, plumber.
Canyon Supply Co.
Canyon National Bank.
John Hutson, Hereford breeder.
Smith & Monroe, insurance.
Shotwell & Sevall, coal-grain.
H. Holt, jeweler.
Dr. D. M. Stewart, M. D.
Dr. F. M. Wilson, M. D.
Dr. S. L. Ingham, dentist.
Rollins & Wooley, lawyers
J. C. Hunt, lawyer.
Scott & Flesher, lawyers.
Dr. H. V. Reeves, M. D.
T. P. Turk, insurance.
Turk & Armstrong, dry goods.
Canyon Mercantile Co.
R. A. Terrill, abstractor.
Normal Grocery.
Canyon Coal & Elevator Co.
Peeler's Abstract Co.
L. G. Conner, real estate.
Keiser Bros. & Phillips, lands.
First National Bank.
Canyon Lumber Co.
J. F. Boitnott.

* * *

All of the churches were located west of the square; there were no brick church buildings.

Pastors were:
Rev. M. E. Hawkins, Methodist.
Rev. J. S. Groves, Presbyterian.
Rev. J. M. Harder, Baptist.
Rev. J. J. Hutchinson, Christian.

* * *

The only brick business buildings were on the east and west sides of the square; but neither side was solidly built up.

Only three little frame shacks were on the north side of the square.

Fire destroyed the line of sheet iron buildings on the south side a few years later.

* * *

Only a half dozen so-called automobiles were in existence in the county; these were used by real estate operators. When you went to Amarillo, there was a fenced road extending only five miles north, to the Andy Costley ranch. The balance of the way, the traveler took to the cow trails to make the best possible progress.

Hitching racks lined the streets; and the livery stable business was flourishing.

* * *

T. C. Thompson and the Newsman rode bicycles around town.

Everyone travelled by train, and meeting the four trains through Canyon was a Sunday diversion.

The population of Canyon was 1400. There were only half a dozen residences between the square and the college.

There were no filling stations. J. A. Guthrie started the first one in Canyon in 1911.

Airplanes were exhibited as freaks in county fairs.

County agents and home demonstration agents were unheard of.

The common drinking cup was used in the schools; and the common communion cup in the churches. Germs were just being discovered.

The telephones were cranked; lights were on only from dusk until midnight.

Radios and electric ice boxes were unknown.

The traveling salesman came by train; stayed all day; and brought a fresh batch of jokes. He was never in a hurry.

Talking machines and player pianos were in most homes.

Golf was for old men, and the idle rich.

Citizens talked about a National Park for the Palo Duro.

Sewing machine, piano, kitchen-range and buggy peddlers drove over the country, doing a good business.

Every town had a baseball team; high school football was played only in colleges.

Women could not vote; 424 men were qualified voters in Randall county.

"42" was the universal game; bridge was unknown in Canyon.

Every home had a windmill.

No one objected to walking a mile or two to church or to a party.

The old soldiers reunion was the big event in Canyon and brought hundreds of visitors who camped for a week.

The present courthouse had been occupied a year.

The extension of the Santa Fe south to Plainview had stopped the long wagon trains in 1908. Before that Canyon was the largest cattle shipping point in the world.

The penny was seldom seen.

A gas and oil field was unheard of.

The opera house is now the Stewart Feed and Seed Store. Many a thriller was staged in this opera house.

The wagon yard was just opposite the opera house.

Trucks and busses were unknown.

A Chinese laundry did a big business in "Smoky row," present location of the gas office.

A frame hotel stood opposite.

Professional evangelists, operating in out-of-door arbors, visited the town two or three times annually.

Jobs were so plentiful that few high school graduates ever thought of going to college.

Few homes had bath rooms.

Tractors and combines had not been invented.

Silent pictures were shown in 2 and 3 reels.

* * *

Lest you are not already bored to disgust, and firmly convinced that the old man is slipping, we quit thinking of the past.

Thanks, many thanks, folks for a pleasant place to live and work for 35 years, and we hope we are not too old to dream of bigger and better things for Canyon.

Harold Ickes, last remaining member of the first Roosevelt cabinet, is having bad dreams. When the President returns, Ickes plans to ask Truman about his standing with the administration. He has seen other New Dealers skillfully eased out of their jobs by President Truman, and wants to know just how he stands. In spite of the fact that Ickes has been assigned the job of going to England on a postwar oil assignment, he is somewhat skeptical about his future. Here is another case in which the people generally will welcome a change.

Cafe operators throughout the Southwest are bitterly complaining that OPA is trying to put them out of business. OPA retorts that cafes can make plenty of money under the rule of the bureaucrats. Henry Ford said many, many years ago that no one could operate a business so well as the man who was responsible for building it. Bureaucrats should read this statement over and over instead of trying to run outfits which they know nothing about.

A CIO auto union boss decrees that when the war is over CIO will be out from under its no-strike pledge, and will pull a big strike So far as we are personnally concerned, we hope that the manufacturers will allow the unions to strike until they are hungry. The nation can afford to do without cars until these labor racketeers are thoroughly whipped.

Big news from Berlin: Stalin and Churchill dressed up in their best to attend a state dinner; Truman wore a brown business suit. It is obvious that Truman is there for business rather than to make an impression in society.

Training fleas is the hobby of Prof. J. C. Ruhl of New York. The first exhibition of trained fleas was by Professor Ruhl's grandfather in 1821.

Flood Tide

Major Murray Deevers of Dallas commanded the 27th Armored Infantry Task Force which dashed across the Rhine Bridge seconds before time explosives went off, ripped out wires and paved the way for Allied gains.

Post-war plans for a new type steam-propelled car, the Texan, will have a single cylinder, double acting steam engine on each wheel axle. Will be oil fired and electrically started.

"The Junior Deputies of America" organized in San Antonio by WilliamF. Brogan are boys that assist peace officers in handling juvenile crime in that city.

Inscribed on the east face of the aluminum cap crowning the Washington Monument are the two words "Laus Deo" meaning "Praise God."

The earliest banks were the national temples, such as Delphi and Delos, in Greece.

Don't Let "Gums" Become 'Repulsive'

Are your "GUMS" unsightly? Do they itch? Do they burn?—Druggists return money if first bottle of "LETO'S" fails to satisfy. City Pharmacy.

Car Lubrication Adjusted to Slow Speed Summer Driving

Keeping your car properly greased and oiled with the change of season and speed is a matter of better life or encroaching death to your car. All the more so if there are days on end when your car never leaves the garage. The mere change from heavy to light oil in your crank case means less than when you got your engine warmed up at least twice a day. Water and sludge, acids and just plain dirt, rapidly clog your car's system from oil screens to sticky valves. For the sake of your car, have it checked all over once a month. Also—

....better care means longer wear!

Refrigerator Tips

1. *Defrost regularly.* When ¼ inch of frost accumulates on the freezing unit, it's time to defrost. Best time is before buying week-end supply of food.
2. *Clean regularly.* Wash throughout with lukewarm water and baking soda. Wipe dry. Wipe up spilled acid foods promptly to avoid destroying glaze on enamel.
3. *Do not overcrowd.* Leave room for air to circulate.
4. *Do not cover grill at back of refrigerator.*

Gas appliances are sturdy, dependable, well-built, and designed to last for years . . . but they should not be neglected. It's well to remember that "Better Care Means Longer Wear." A small amount of attention to your gas appliances regularly will pay you handsome dividends. It's wise to make what you have last until final Victory, when finer and handsomer gas appliances than ever before will be available.

Iceberg Season Is Tough for Patrol

Coast Guard Must Maintain An Alert Vigil.

WASHINGTON. — Greenland's mammoth icebergs are starting their seasonal drift toward Atlantic steamship lanes, where 33 years ago one of them caused the greatest disaster in the history of ocean travel.

Fifteen minutes before midnight on Sunday, April 14, 1912, the British liner Titanic, speeding from England to New York on its first voyage, collided with a large iceberg. Two and a half hours later the ship sank with the loss of 1,513 lives.

The disaster shocked a complacent prewar world into successful concerted action. Under international agreement, the United States coast guard in 1914 took over the job of guarding North Atlantic shipping against the iceberg peril. That service is famed for a record of not a single casualty in the patrol area since its inauguration.

The regular international patrol has been suspended because of the war. However, the coast guard is helping protect Allied ships this spring from "ice dreadnoughts" as well as from Nazi submarines. Coast guard combat cutters and planes patrol parts of the ice area and send out radio reports.

The electronics people say that postwar liners probably will be equipped with radar to help detect icebergs. Passenger planes flying the Atlantic also will broadcast weather conditions.

The iceberg season usually begins in mid-March and is over by the end of June, but in 1939—for the first time in the history of the patrol—ice was a menace in August. The icebergs are formed by large fragments breaking off Greenland's glaciers. Some are 500 feet long and tower 300 feet above the water.

Plane Production Will Be Cut Back 2) a Month

WASHINGTON. — A "one-front" airplane production schedule which may cut monthly output by as many as 2,000 planes by the end of this year has been drafted by the army air forces. About 7,000 craft now are being turned out each month.

The revised schedule, it was learned, has been submitted to WPB's production readjustment committee for approval.

In effect, the new schedule writes off the European war so far as plane production is concerned. It involves only estimated army needs in the Pacific.

With the exception of the two giant bombers, the Boeing B-29 Superfortress and the Consolidated Vultee B-32, virtually all AAF combat planes are affected.

Special Diet Gifts Are Sent to Starving Dutch

LONDON. — The 4,500,000 Dutch sealed off in the "hunger" provinces west of the Ijssel river are so nearly starved that special diet parcels must precede shipments of ordinary food as the liberation of Holland proceeds, it was reported.

Dutch quarters here believed that wholesale starvation will occur unless liberation is accomplished soon.

Reports here said the Germans were taking what food remains. Rations for the Dutch have been halved again, leaving theoretically 14 ounces of bread and 18 ounces of potatoes weekly per person.

'Fight After Death,' Jap Minister Tells Soldiers

WASHINGTON. — Gen. Korechika Anami, Japanese war minister, instructed Japanese soldiers to fight "even after death to defend the Imperial land with your souls."

The war minister ordered all troops to believe in the indestructability of their "divine land," train themselves rigorously, defy death in their fighting and kill any enemy who lands on Japan.

Anami's instructions, broadcast by the Domei agency, were recorded by the federal communications commission.

Captured Nazis Are Huge Problem for Yank Armies

TWELFTH ARMY GROUP HEADQUARTERS.—With prisoners rolling in by the hundreds of thousands, the most pressing problem of Gen. Omar Bradley's armies is—what to do with them?

A high army official said prisoners now remain on the continent, no longer being transported to the United States and England. This destroyed the dream of many who confessed to a hope of seeing America "where we understand the prisoners have a good life."

New 'Chemical' Torpedo Is Ruled a War Secret

WASHINGTON, D. C.—Existence of a new, top-secret "chemical torpedo" in the navy's arsenal has been officially disclosed, but requests for further information on the weapon brought no information from the navy except that the subject is "secret."

Such information as was released in congressional hearings gave no indication of the significance of the name "chemical."

Uncle Sam pays nearly $5,600,000 for each submarine.

Dr. Shoemaker Is Visitor Here

The Panhandle-Plains Historical Museum was declared one of the most delightful spots which Dr. Floyd C. Shoemaker visited on his first trip to the Texas Panhandle. His day in Canyon was arranged by Dr. L. F. Sheffy, secretary of the Panhandle-Plains Historical Society, and head of the department of history of the College. Besides the Museum, the day's activities included a trip over the campus, and a visit to Palo Duro State Park.

Dr. Shoemaker, who is secretary and librarian of the Missouri State Historical Society was delighted that the local museum had been able to assemble so many relics of the pioneer days of the Northwest Texas region. He said that the Missouri Society had more documents than are found here, but very few relics. He explained that the Missouri organization was especially proud of its collection of newspapers. Laughingly, he said they possessed one prize relic—a piano that once belonged to Mark Twain.

The Panhandle-Plains Historical Society Museum has a great future, and the region is fortunate to have so many people with vision enough to see its value, according to Dr. Shoemaker. He expressed his surprise that such a large number of people, miles from Canyon have such a warm interest in the Museum.

Dr. Shoemaker is author of many articles and books dealing with Missouri history, and he believes the time will come when scholars will come to the local museum to find authentic materials on the history of the great Southwest.

Dr. Shoemaker, his wife, mother and sister-in-law were "sold" on the Palo Duro Park, never having "dreamed" it to be so beautiful.

Those who met Dr. Shoemaker and his family enjoyed his enthusiasm over the things and people he had met on his trip to the Panhandle.

Attend Barbecue Honoring Shoemaker

Dr. and Mrs. Hill, Dr. and Mrs. Sheffy, and Dr. Anderson attended a barbecue given in honor of Dr. Shoemaker, at Borger Wednesday, July 18th. Dr. Shoemaker is Secretary and Librarian of the State Historical Society of Missouri.

The barbecue was given by David M. Warren, Panhandle publisher, and Bob Grimes, Borger banker.

Dr. Shoemaker visited in Canyon the following day.

Ten-in-one, the best liked ration in the Army is now made in Dallas. Not a gadget, but field rations that provide food for ten men for a day iln one handy package.

Pencillin throat lozenges made by a physician and a pharmacist's mate at Corpus Christi, Texas, are being used at the Naval Air Station for treatment of trench mouth.

Young women can learn electronics, radio and radar at the University of Texas for employment by the U. S. Army.

Twelve Navy Admirals including Nimitz, two Marine Corps Generals, and thirty Army Generals including Eisenhower, are native Texans.

Texas oil fields are producing 2,152,500 barrels of the national total daily output of 4,793,000 barrels.

A Dallas Navy Seabee planted a garden alongside the battalion sick bay, where patients may tend it as a convalescent occupation.

McCarter-Rice Wedding Held on Thursday

Thursday evening in the First Baptist Church at Cleveland, Texas, Miss Bess Rice became the bride of Chief Petty Officer Barry McCarter, son of Mr. and Mrs. T. B. McCarter, Canyon.

For the 16-day leave of the bridegroom the couple will visit Houston, Austin, and New Orleans.

They will make their home in Washington, D. C. where the bridegroom is electrical engineer, connected with the Navy Ordnance Laboratory.

Mr. and Mrs. McCarter were in Cleveland for the wedding.

PLEASANT JO 4-H CLUB ORGANIZED MONDAY, JULY 16

The Pleasant Jo 4-H Club was organized July 16 at the home of Laverne Hinders.

Earlene Davis was elected president; Muriel Faye Cope, vice-president; Laverne Hinders, secretary-treasurer; Mary Alice Bauer, reporter. Mrs. Louis Hinders was selected as club sponsor.

Others present were: June and Janie Jennings, Betty Jean, Billie and Mabel Graham, Norma Joe Currie, Mrs. Walter Graham, Mrs. J. H. Barrett, Mrs. I. L. Bauer, Junell Bauer, and Miss Lou Ella Patterson.

The next meeting will be in the home of Mrs. Walter Graham on July 30 at 3:00 o'clock.

Refreshments of ice cream and cake were served.

JAMES C. WILLIAMS HAS BIRTHDAY PARTY

Norma Jean Williams, Jimmy Glenn, Mary Ruth and Bill McCarter, Sarah and Judy Turner met at the home of James Coniver Williams on July 11 to help him celebrate his birthday.

James received a bouquet of roses from his father who is overseas.

Refreshments of ice cream, cake and punch were served after games had been played.

NANCY GENEINE BECHTOLD CELEBRATES SIXTH BIRTHDAY

Honoring little Miss Nancy Geneine Bechtold on her sixth birthday, Mrs. Vie Bechtold entertained young friends of her daughter on Monday, July 23, at her home on Seventh avenue.

For entertainment the children played yard games, were read stories, and gave readings.

Pale green, pink and white were color combinations carried out throughout entertaining rooms, and with the refreshments, which consisted of cake and ice cream. Favors were small green baskets filled with mints.

Those attending the party were grandparents of the honoree, Mr. and Mrs. L. F. Bechtold, Sr. of Amarillo and Mary Louise Higdon, Barbara Brown, Margaret Lee Johnson, Jackie Zue Stokes, James Craig, Charles Cooper, Anne Jarrett, Debra McDonald, Wilford Taylor, Diane Prichard, Christine Sykes, Fenita Marshall, Janet Middleton, Larry Byars, Charles Duvall and Beverly Henson.

CPL. GORDON L. DICKERSON GIVEN SURPRISE PICNIC

Friday evening Cpl. Gordon Lynn Dickerson was surprised with a welcome home picnic. A regular picnic supper with home made ice cream and cake was served in the back yard of Mrs. Jay Prichard.

A few games were played but for the most part the boys told of their experiences during the past year.

Guests for the evening were: Sgt. Leroy Wooten, Pfc. Ray Nickelson, Sgt. James T. Harp, Cpl. Elwyn Morton, Lt. Bob Ziegler, Lt. Tommie Lair, all former schoolmates of the honoree; Miss Nadine Coker, Miss Jean Shaver, Miss Shirley Byars, Miss Grace MacWilliams, Miss Frances Alice Harp, Miss Dorothy Scott, Miss Beulah Hammond, Miss Joan Morton; Billie Morton, Harold Jay Prichard, Jerry Inman, Carol Ray and Don Dickerson; Mr. and Mrs. Guy Harp, Mrs. T. W. Ziegler, Mrs. Addie Hefner, Mr. and Mrs. C. O. Elkins, Mrs. Eva Morton, Mr. and Mrs. Jay Prichard and Mr. and Mrs. N. T. Dickerson.

CENTERVIEW H. D. CLUB MEETS WITH MRS. BRYAN

On July 17 when 8 members and 3 visitors of the Centerview Home Demonstration Club met with Mrs. Serena Bryan, roll call was answered with wishes expressed by service men that the members knew. These wishes revealed a strong desire of all to be civilians again and to be free to make homes of their own.

Miss Lou Ella Patterson, home demonstration agent, gave an interesting talk on lost motion in the home.

Delicious salad plates were served to Mrs. E. W. Schaeffer, Mrs. Howard Slack, Mrs. A. E. Wise, Mrs. J. W. Wesley, Mrs. Lester Bryan, Mrs. G. E. Wesley, Moss Patterson, Naoma, Billy and Mickey Bryan and the hostess.

1925 BRIDGE CLUB MEETS WITH MRS. J. D. BARKER

Mrs. J. D. Barker entertained members of the 1925 Bridge Club Wednesday afternoon in rooms that were attractively decorated with summer flowers.

Shasta daisy corsages were used as tallies.

During the refreshment hour a dessert course was served to Mrs. Geo. Nance, Mrs. Herschel Coffee, Mrs. Ray McReynolds, Mrs. A. K. Knott, Mrs. J. M. White, Mrs. Glenn Dowlen, Mrs. Cecil Briggs, and Mrs. J. Madison Daugherty.

MISS RICHARDSON HOSTESS TO CHRISTIAN WORK

The Woman's Society of Christian Service was entertained on Tuesday afternoon in the home of Miss M. Moss Richardson.

Mrs. T. M. Moore led the devotional and the lesson study theme "The Door of Understanding," 1 Cor. 16:8-9. She also discussed the topic "Advancing in Understanding."

Mrs. P. L. Walters held a short business meeting.

Refreshments of punch and cookies were served to Mrs. Clyde McElroy, Mrs. A. W. Sternenberg, Mrs. T. M. Moore, Mrs. C. M. Dowlen, Mrs. R. E. Foster, Mrs. J. W. Shook, Mrs. Dan Sanders, Mrs. P. L. Walters, Mrs. L. J. McGehee, Mrs. E. W. Walker, Mrs. Jessie Chamberlain, Miss Thaxton, Mrs. Long and Mrs. Erdman.

MISS VAN SKIKE IS BRIDE OF JAMES DRUMMOND

Miss Donna Van Skike of Amarillo became the bride of James Drummond, son of Mrs. Cora Drummond, Saturday evening, in Amarillo.

Mr. and Mrs. Lloyd McAtee, Mrs. Earl Brooks of Canyon, Pat Patterson and Miss Van Skike, sister of the bride of Amarillo were attendants and witnesses to the ceremony.

Mr. Drummond, recently discharged from the Army under the point system, is employed with the Southwestern Public Service Company in Amarillo where the couple will make their home.

LEGION AND AUXILIARY TO HAVE BASKET PICNIC

Members of the American Legion Post 97 and of the Legion Auxiliary will have a basket picnic, Tuesday night, August 7 at the Canyon Club grounds.

All ex-service men and women of Wars I and II are urged to come. If possible, call Mrs. Tabor at the News Office or Ray Campbell at the Buffalo Food Store in order that we mak now how much red lemonade to make.

Mrs. Carl Stone and son, Tommy, are visiting in the home of her sister, Mrs. J. Madison Daugherty. Mrs. Daugherty and Mrs. Hud Prichard spent the day in Lorenzo Tuesday at Mrs. Ted Schuler's and Mrs. Stone returned with them. Mrs. Stone will be remembered as Ruth Greenfield.

Sgt. and Mrs. Neil Jennings have reported to Hot Springs, Arkansas where Sgt. Jennings will be given thorough medical evaminations before being reassigned.

Capt. and Mrs. Gerald Brown and baby are visiting in the home of her mother, Mrs. Ollie M. Harrison and with friends in Canyon, while Capt. Brown is on leave from his base in Cincinnati, Ohio. Mrs. Brown will be remembered as the former Mary May Harrison.

Pvt. Arthur Bailey Duncan, son of Mr. and Mrs. A. B. Duncan II, was home on a three-day pass the first part of this week from the Army Air Base in Alamagorda, New Mex. Pvt. Duncan was recently transferred from Amarillo Army Air Base, and at present is doing office duty.

Lt. Hudson Prichard, who has been home on a 30-day leave from the Army Air Corps, has reported to San Antonio for future orders. He was accompanied to his base by his wife, the former Dorthea Harter, and daughter.

Ruth Ann Bolton, daughter of Mr. and Mrs. L. K. Bolton, was taken to an Amarillo hospital Tuesday with a case of pneumonia. She was reported Wednesday to be recovering very satisfactorily.

Kenneth Goodman who graduated from the Demonstration School high school this spring, is spending the summer working on an irrigated fruit farm near Zillah, Washington. He will return to Canyon for the opening of college, September 18.

Rev. Hubert Thomsen, pastor of the Methodist Church at Wellington, has bought the home of Mrs. John Burgess. He will rent the property. Mrs. Burgess has bought a home in Lubbock, near Tech, and plans to move there about the 15 of August.

Sunday visitors in the home of Mrs. Mary Burtz were: Mr. and Mrs. Earl Burtz, Mr. and Mrs. Earl Davis and family of Canyon; Mrs. W. H. Bailey and son of Amarillo; Mrs. E. W. Terrell and children of Idalou and Mrs. C. B. Fewell of Canyon.

Miss Lucy Jo Loudder is being accompanied to Baltimore, Md., by Mr. and Mrs. Jack Henson. She will enter Johns Hopkins clinic for treatment. They left this morning.

Mrs. Pearl Hileman returned Tuesday from Ft. Worth where she had been called by the death of her brother.

A. B. Holt and daughter, Carroll Ann, and Mr. and Mrs. J. H. Cox and son of Lubbock are on a week's trip to New Mexico.

Mr. Oley Coker, of Borger, and Miss John E. Coker, of Seminole, Okla., visited with Mrs. Sam D. and Martha Nelle Burton last week end. Miss Coker will return to Canyon in September to enroll in West Texas State.

Mr. and Mrs. Jim Boyd and family returned Friday from a 5-day fishing trip to Possum Kingdom Lake.

W. J. Porter of Rocky Ford, Colo., is visiting Mr. and Mrs. W. F. Baird. Mr. Porter is a brother of Mrs. Baird.

CANYON TAILORING CO.

OFFICE OF DEFENSE TRANSPORTATION
GENERAL ORDER 52
Effective 12:01 am, June 30, 1945
"No carrier shall reserve, assign or allocate seating or sleeping space on a passenger train more than 120 hours in advance of scheduled departure time of such train. No carrier shall issue a ticket for a reserved seat or sleeping space on a passenger train more than 120 hours in advance of scheduled departure of such train, except in the case of tickets for reservations made prior to the effective date of this Order which have not been picked up."

OFFICE OF DEFENSE TRANSPORTATION
GENERAL ORDER 53
"On and after 12 o'clock noon, July 15, 1945, no common carrier by railroad or sleeping car company shall operate or transport any railway car containing sleeping space or sleeping accommodations to a point of distance 450 miles or less from the point of origin of such car, such distance being measured by the shortest distance by railroad over which sleeping cars are operated between such points . . . Each common carrier by railroad shall forthwith cancel all reservations for space after 12 o'clock noon on July 15, 1945."

What about Travel now....
under the new Government rulings?

The Government has curtailed civilian travel by ordering the railroads not to make reservations on passenger trains more than five days in advance of departure and by banning sleeping car service on trips of 450 miles or less.

A lot of people are assuming that, with the European war over, the travel situation on trains should have eased up by now.

But they are finding out that it's harder than ever to get space. They're asking themselves, "Why?"

The reason is simply that the railroads are being called upon to repeat a job of moving over 3,000,000 soldiers. But this time it is to be done in 6 to 9 months whereas originally it took more than 2 years to move these men.

The railroads are still operating with the same number of passenger cars that they had when the war started. Building new passenger cars has not been permitted since Pearl Harbor.

Many Pullman cars have been converted into hospital cars, and, of course, more Pullmans and coaches than ever are being withdrawn from civilian service to use in the movement of men to the Pacific.

The great bulk of traffic for the Pacific funnels into 4 railroads to ports of embarkation in California. Santa Fe, with its improved facilities, is carrying a large part of this traffic.

This all adds up to the fact that only a very limited amount of space is left over for civilian travel.

Of course we like to accommodate our friends and make new acquaintances. But you, too, agree that the troops and materials needed to whip Japan *must* come first.

New cars are now on order. Santa Fe has enough new chair cars on order to seat 3186 people. 16 new lunch counter-diners are also on order. A substantial number of new sleeping cars will be placed in service on the Santa Fe as soon as War Production Board orders permit.

Pi Omega Honor Plaque Now On Display In Hall

Last week the Pi Omega Honor Award Plaque was placed in the main hall of the Administration Building, bringing the list of names of honor students to a total of seven. This honor plaque, which was presented for the first time in 1939, is awarded each year to the senior woman who was outstanding in her class in college affairs and scholarship. The person whose name is placed on the plaque is selected by faculty members.

For the school year 1944-45, Lucille Davis, of Canyon, received the plaque. Other girls' names which appear on this honor award are Charlotte Alice Tubb, for the year 1938-39; La Nelle Scheihagen, 1939-40; Mary Byerly, 1940-41; Ozline Malloy Ward, 1941-42; Gail Ann Ross, 1942-43; and Ruth Lutrick, 1943-44.

All but one of the former honor students are employed in the teaching profession.

Miss Tubb has been a highly successful music teacher in Portales, New Mexico, and Mrs. Ward has been equally successful as a mathematics teacher at Memphis. Both are now married to servicemen.

Miss Scheihagen is at present music supervisor in Pampa. Miss Byerly is employed at Clovis A. A. F., and Miss Lutrick is teaching in Elida, New Mexico.

TOWN AND FARM WOMEN BEATING CITY FOLKS AT FAT SAVING

Our government knows that city women have done an outstanding job saving used fats—but, now that you town and farm women have rolled up your sleeves, you are providing more used fats per kitchen than any other group in the U. S. Keep it up! 100,000,000 *more* pounds of used fats are needed this year to help make vital war supplies. Without *your* record savings, we'll never make that quota.

Save every drop! Remember, it's the small amounts that fill the salvage can faster. Drippings, skimmings, scrapings, and fat scraps melted down. Your butcher will give you 2 red points and up to 4¢ a pound. If you have any difficulty, call your Home Demonstration or County Agent.

Approved by WFA and OPA. Paid for by Industry.

For Efficient PLUMBING
Call 457
Roy D. Montgomery

General Francisco L. Urquizo, representing President Camacho of Mexico, presented a battle flag to the 201st Mexican fighter squadron at Majors Field, Greenville, Texas.

Staff Sergt. Theodore R. Richardson of Dallas shot the lock from the gate of Cabanatuan prison on Luzon, freeing 513 American prisoners.

Centipedes of the Temperate Zone are harmless and should not be exterminated if roaches are a menace, since centipedes destroy them.

The average person will drink 90 bottles of soft drinks per year.

Back in Battle Togs

Gen. Joseph W. Stilwell, left, new commander of the U. S. Tenth Army on Okinawa, checks a battle map with Col. William Bentley, air officer. Perhaps significant in Stilwell's assignment is the fact that he probably knows more about fighting the Japs than any other American Army officer.

No Certificate Is Needed 1946 Auto

No certificates will be issued for new 1946 cars until distribution makes it possible to establish quotas, according to OPA Rationing Executive William G. Williams.

New 1942 cars were removed from rationing July 18. The eligibility list, need and serviceability tests for the new 1946 models remain unchanged.

After a gentleman had spent nine weeks in Scotland and had seen rain every day, he asked the girl in a tobacco shop:

"Does it rain every day here?"

"Oh, no, sir," she replied blithly, "sometime it snows."

Balloons were used by a number of publishers during the German siege of Paris in 1870 to transport newspapers which were printed on thin paper. One page was left blank for hand written messages from subscribers.

Traffic Cop: Don't you know what I mean when I hold up my hand?

Nice Old Lady: I ought to; for thirty-five years I was a school teacher.

To get valuable documents out of Paris and past the German lines during the siege of that city in the Franco-Prussian War, these papers were photographed in miniature, rolled into quills and fastened to carrier pigeons.

Marjorie: That man you introduced me to yesterday took me to dinner last night, and he was very nice. He remarked especially on my bird-like appetite. What line is he in?

Cutting: He runs an ostrich farm.

With graceful feet, a maiden sweet
Was tripping the light fantastic.
When she suddenly tore for the dressing room door—
You can't trust this wartime elastic.

"That waiter is either a fool or a humorist."

"What's the matter?"

"I ordered extract of beef and he brought me a glass of milk."

Then there is the story about the hillbilly pappy who put a Maxim silencer on his gun because his daughter wanted a quiet wedding.

Wine was used in the the 15th century, in Italy to dissolve the gall, one of the ingredients in making printing inks.

"What is the new baby at your house, Jimmy, a boy or a girl?"

"Jimmy: "Aw, I guess it's a girl. I saw 'em puttin' powder on it."

Middle age is that period in a man's life when he'd rather not have a good time than have to get over it.—Don McNeil.

Manila, in the Philippines, operated a printing press in 1593—46 years before the first press appeared in England's American colonies.

Definition of a pink elephant—a beast of bourbon.

To read without reflecting, is like eating without digesting.—Burke.

It amazes us to see girls dancing with girls. We didn't think any woman would stand being pushed around by another woman.

Church: What in the world makes your tongue so black?

Chick: I once dropped a bottle of whiskey on a freshly tarred road.

England's Whitehall Mill, as early as 1830, produced a sheet of paper nearly 3 miles long by 4 feet wide.

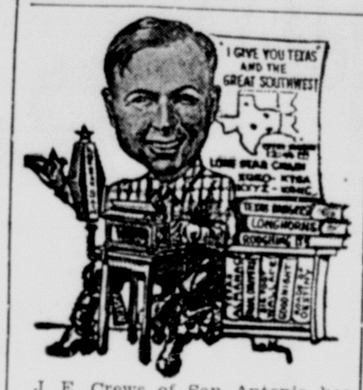
Members of The Graduate Club For the Summer Term, 1945



J. E. Crews of San Antonio has written a poem entitled "The Call of Texas:

We sons of Texas hear her call
Wherever we may roam;
Her diamond studded skies at night
Are beacon lights of home,
For well we love our native state
Where brooks and rivers flow,
And honors all the pioneers
Who came so long ago.

No matter where our journey leads,
No matter where we stray,
We always hear that constant call
From Texas, far away,
And long for snow-white cotton fields
Where darkies work and sing—
To hear the song of mockingbirds,
At midnight, clearly ring.

The scenes of childhood call to us,
Where simpler things abound,
Where cabins nestle in the woods,
With stillness all around;
We hear an old red rooster crow
In melancholy tone,
Which tells as plain as spoken words,
"The folks are not at home."

We boast of lofty skylines in
Our cities, that is true,
But the scenes that really call to us,
Such folks as me and you,
Are old, adobe ranch houses,
Low, rambling, plain and strange,
And cowboys rounding up great herds
Of cattle on the range.

The sight of some old mission wall,
Besides a crystal stream,
The crumbling ruins of old forts,
Are monuments of dream;
And live oaks veiled in Spanish moss
Beside a still lagoon,
Cast their enchanting silhouettes
Against the southern moon.

Ah, long her hills have sheltered us
Within her proud domain,
Where sunset sheds its mellow glow
Across the rolling plain.
Her wondrous beauty and her charm
Can never half be told,
Nor painter's brush, nor poet's song,
The picture half unfold.

"Tall" Buffs Invited To Play In Kansas City

The "Tall Buffaloes" have received the signal honor of being one of the four basketball teams chosen from the entire nation to participate in a tournament, December 21 and 22, in Kansas City. The selection was based on the performance of the '44-'45 team.

W. T. is slated to represent the Southwest; while the other three teams will be picked from the East, West, and Midwest.

There is, however one drawback to the plan. There are, at present, no Buffaloes.

Of last year's hard playing, high scoring team with a roster that included Bill H. Allen, Bill W. Allen, Rufus Graves, Norman Higgins, J. L. Houser, John Johnson, Metz LaFollette, Don Leach, J. W. Malone, Kenneth Simpson, Dick Wiggins, Joe King, and Captain Clark Johnson, there will be only one member, J. W. Malone to return next year.

Coach Gus Miller states that despite this difficulty, if a new team can be trained by December, he intends to accept the invitation and carry on the Buffalo tradition of topnotch basketball.

Money placed on deposit with the national temples, in the early days of Greece, was loaned out at rates of interest varying from 10 to 30 per cent a year.

It has been calculated that a fly makes 330 wing strokes a second; a bee 240; a wasp 110; a dragonfly 28; and a butterfly 8.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of July 29, 1920)

Fire damaged the power plant in Amarillo Sunday night before the Sunday morning issue of the Amarillo News was printed. Three carloads of printers and reporters rushed to Canyon where a limited edition of the Amarillo News was printed so that the readers could have their election returns.

In the primary election, W. A. Jennings was elected county judge; W. C. Black, sheriff and tax collector; O. W. Gano, clerk; Wilford Taylor, tax assessor; Mrs. Myra Smith, treasurer; W. C. Baird, Parker Hanna, J. J. Bauer, E. E. Adams, commissioners; Loyd Childers, district attorney. Joe Bailey and Pat M. Neff go into the second primary as candidates for governor.

The young son of Mr. and Mrs. A. B. Martin died at Plainview. Mr. Martin is a member of the board of regents.

A son was born to Mr. and Mrs. Chas. Bauer.

Mr. and Mrs. C. W. Brune To Manage Stafford Hall

Mr. and Mrs. C. W. Brune will have charge of Stafford Hall when it opens for young men this fall.

Both Mr. and Mrs. Brune have had experience in working with young people. Mr. Brune, who comes to Canyon as Vocational Adviser at the Veterans Administration Guidance Center, has had years of experience helping boys and and young men choose their work, find employment and succeed in it. He will co-operate with College men in their efforts to solve their problems.

The average bee hive yields about 17 pounds of honey a year.

The thickest coal seam in the United States, of high grade coal, is in the Mammoth Seam near Wilkes Barre, Pa. This seam is 50 feet thick, some folds running as high as 60 to 80 feet.

The thickest coal seam in the world is in the Fortuna Mine near Cologne. It is 100 meters or 330 feet thick.

The four great cables of the Brooklyn Bridge are each composed of 19 separate strands, each strand 2,578½ feet long and each composed of 278 wires. The total length of wire in the four cables unwrapped is 14,080 miles.

Thirty-six of the United States' 57 carbon black plants are located in the Texas Panhandle.

Keats was 18 years of age when he wrote "Oh Death."

We've Had Some Interesting Experiences, Too!

Curtiss Helldiver Dive-Bomber in action against the Japanese in the Pacific.

Whether you fly 'em . . . or make the fuel that flies 'em . . . you learn something!

The boys who have been filling Tojo's fleet as full of holes as an old tin can will have some interesting stories to tell when they get home.

And Phillips is going to have some interesting things to tell you (and show you) too!

Because a big part of our job the last five years has been to produce the 100-octane Aviation Fuel that has kept the big boys over Berlin and Tokio. And it hasn't always been an easy job.

In some ways it has involved almost as many trials and tribulations as a pilot goes through before he wins his wings. We've built vast new laboratories and staffed them with the wisest and most experienced scientists we could find. We've built new plants and introduced new processes. In short, we've gone "all out"—with every bit of brains and brawn we have—to give our fliers every ounce of precious 100-octane fuel that could be produced!

The result—*today Phillips is one of the very biggest producers of 100-octane Aviation Fuel in the country!* That's a mighty important fact—and one of which we're very proud.

And it's a *significant* fact, too—for every man and woman who plans to drive a car after the war. Because you can bet your bottom dollar that all the experience, all the know-how, all the scientific knowledge we've gained in becoming one of the largest producers of 100-octane gasoline—will be packed into the Phillips 66 Gasoline which powers your post-war car!

When you see the Phillips 66 Shield, remember—it stands for fuels for Victory today, and fuels for better driving tomorrow.

Main Line of Power

IN WEST TEXAS AND EASTERN NEW MEXICO

Serving electricity the "high-line" way assures you of an adequate supply of cheap electric power 24 hours a day. From town to town—from factory to factory—from farm to farm, electricity from our power stations, strategically located in the territory we serve, comes to you at a lower cost than ever before.

Cities and towns that receive their electric service the "high-line" way have a definite advantage. With adequate and dependable power, new industries are more attracted; better service for all. Yes, the "high-line" way is the modern way!

Wayside Items

Rev. Stuart preached Sunday morning and evening. Our revival is to begin the last of August. Announcement of exact date will be made later.

Crayer Jackson, who has been in bad health for some time, died at the home of his mother, Mrs. Emma Jackson, in Amarillo, Sunday, July 15, and was buried at Wayside, July 17. Rev. Sizemore of Amarillo conducted the funeral services.

Uncle Jim McGehee is very low and has been taken to the Amarillo general hospital.

S-Sgt. and Mrs. Bill Heisler are home on furlough.

We are glad to welcome Willie Modiestte back on furlough after having been a German prisoner for several months.

Mr. and Mrs. Oren Fisher of Canyon attended church here Sunday morning.

Mr. and Mrs. W. R. Franklin visited Sunday afternoon with his sister, Mrs. Edith Kerlin and little granddaughter, Jeanne Clark from Tucumcari, N. M., in Mrs. E. A. Franklin's home in Happy.

Wayne Sluder is home on furlough.

The John Stockett family with Mr. and Mrs. W. R. Franklin were Amarillo callers Saturday.

Mr. and Mrs. Frank Fortenberry announce the arrival of a son, born July 21. Mrs. Fortenberry will be remembered as Ida B. Graham of Happy.

Mrs. Leroy Roberts has word that her husband, Leroy (Bud) Roberts has landed in New York.

Palo Duro News

The Rev and Mrs. C. A. Gaertner and sons of Brownsville are visiting in the home of Mrs. Gaertner's mother, Mrs. Louise Meyer.

Rev. M. J. H. Hartenberger of Amarillo made several calls in the neighborhood Tuesday.

Guests in the Henry Miller home Sunday included: Mrs. Adolph Kampen, Mrs. Pauline Wendelken, Misses Wilma Schuette and Phyllis Albers, A-C Bob Krapp, A-C Elmer Blaskie, Pvt. Russed Hedricks and Wilbert Wendelken. The young people enjoyed a trip to Palo Duro Park in the afternoon.

A number of the members of the Lutheran Ladies Aid enjoyed several afternoons of quilting at the home of Mrs. Pauline Wendelken this past week.

Mrs. E. A. Michael accompanied Mr. and Mrs. Bailey McCormick to Dalhart where she visited Mr. and Mrs K. V. Young over the week end. The Youngs are the proud parents of a new daughter.

Mrs. Catherine Albers spent Wednesday in the home of her son, Geo. Albers.

Development of Canyon Demands a Modern Airport

George W. Cox spoke at the luncheon of the Rotary Club Tuesday on the need of a modern airport in Canyon.

"The people of Canyon are not air minded," stated Mr. Cox as he told of expressions of doubt regarding an airport that he had heard. "This is something that we cannot do without," stated Mr. Cox as he pictured the use of planes in the future.

Canyon is only 24 hours away from any spot in the world. The use of small planes will be common, with travel at 125 miles per hour.

The safety of the plane was illustrated by the fact that students at the West Texas State Flying Field have flown the equal of 65 times around the world, without a single mishap. There has been a total of 35,000 flights from the field. Only three minor accidents have occurred during all of this training. Automobiles have not equaled such a record.

Mr. Cox stated that, in the future, students from the 32 Panhandle counties would fly to college in an hour or less; attend classes and return home. He predicted that hundreds of students would come by plane in the future.

The speaker urged the people of Canyon to meet and solve the problem of a modern, efficient airport.

Visitors were: Ruth Aaron of Quail; Huelyn Laycock of Pampa; Cpl. Leslie Lisle, L. S. Baker, Lt. Thomas Lair of Canyon; Pinkey Hand of McKinney; Francis W. Pritchard of Denton; C. H. Dillehay of Vernon; Ewell Lawrence of Ralls; Hardy E. Stevens of Plainview; W. R. Curtis, John McCarty, Irving Tolzein, Jess Rogers, Sam Tidwell, Frank E. Hobgood, Frank E. Barnes, all of Amarillo.

Mrs. Jones Speaks at Christian Church

Mrs. Robert W. Jones will speak to the congregation at the Christian Church Sunday at 11 o'clock. The theme of her address will be "Ye are the Light of the World."

You are cordially invited to attend.

Mr. and Mrs. T. W. Ziegler, Mollie Nann and Lt. Bob Ziegler visited with their son and brother, Joe, at the Army Air Field in San Antonio last week end. While in south Texas, they also visited with relatives in Luling.
